Last fall's Rekindle the Sparks 2010 Conference at Albion Hills entitled *"International Year of the Forest"* presented by the Watershed Interpreter's Network (WIN), offered a great three days of sharing, information gathering, and networking.

Last year's participants said the conference was:

- ✓ "...a truly wonderful workshop."
- ✓ "...(full of) information and sharing...worth more than we pay."
- ✓ "...a great time with our counterparts from other Conservation Authorities to get their ideas and perspectives."

We look forward to your participation at this year's conference!
